

The Aspire 100 Campaign

transitions uk
support that changes lives

Fancy doing something important this year? Want to change the world? How about changing some young lives and futures?

Transitions UK is an exciting charity that is working hard

to help you do all of the above and more. We work with young people who have learning disabilities or who are at risk of offending or who are leaving care or who have mental health or emotional needs. Some young people tick several boxes!

In October 2017 we are launching a very special project called Aspire, which will support young people who are at risk of offending across Hertfordshire. It's a pilot project and we hope later to roll it out into Bedfordshire, Buckinghamshire and North London.

So what's the 100 about? That's where you come in!! We are looking for 100 businesses who would like to help young people already getting involved in unhelpful behaviour and relationships and would be prepared to make a regular monthly donation to change young lives and futures – and make the community a safer place to live in.

It's a preventative project. 68% of young people taken into custody reoffend. If you are excluded from school you are 25 times more likely to offend than otherwise. We will be using befriending and mentoring models to work with young people referred by the police and social services as well as schools and youth agencies. We will stop that chain of events taking young people into wrecking their lives.

We want to change lives – for good - and we need 100 businesses to help:

- 10 businesses to give £100 per month or more
- 20 businesses to give £50 per month or more
- 30 businesses to give £30 per month or more
- 40 businesses to give £10 or more per month or more

Would you like to get involved? We will be reporting regularly on progress and sharing how your partnership is changing lives.

Ring Ron Overton, Chief Executive, on 01582 380620 / 07939 510922 or email him on ron.overton@transitionsuk.org and ask about supporting the Aspire 100 Campaign.

Do it now!!
